PROFILE

I am a detail-oriented Frontend Developer with over 2+ years of hands-on experience in building responsive, user-friendly, and performance-focused web interfaces. My technical expertise includes HTML5, CSS3, JavaScript, and jQuery, along with strong experience in modern UI implementation.

I specialize in converting Figma and PSD designs into clean, pixel-perfect, and fully responsive HTML code, ensuring cross-browser compatibility, accessibility, and optimized performance. I focus on writing structured, maintainable code that accurately translates design concepts into functional user interfaces.

With a strong blend of creativity and problem-solving skills, I deliver high-quality frontend solutions that enhance user experience and add measurable value to products and teams.

WORK EXPERIENCE

LeadConcept Solutions - Lahore

2023 - PRESENT

Frontend Developer

- Converted Figma designs into fully responsive HTML and Tailwind CSS layouts
- Built pixel-perfect, cross-browser compatible UI components
- Collaborated with backend developers for frontend integration
- Ensured clean structure, mobile responsiveness, and performance optimization
