

MUBIN KHAN

FRONTEND DEVELOPER

I am a passionate and detail-oriented frontend developer with over 2 years of practical experience in building responsive, user-friendly web interfaces. my technical expertise includes html5, css3, javascript and jquery.

i excel at translating design concepts into clean, functional code while focusing on performance, accessibility, and cross-browser compatibility. i am committed to staying up-to-date with the latest industry trends and best practices to ensure every project i work on is modern, efficient, and visually engaging.

driven by a blend of creativity and problem-solving, i take pride in delivering high-quality solutions that enhance user experience and add value to clients and teams alike.
